### The Rev Dr Teresa Parish

Teresa has a PhD in theology from CSU and is an ordained Foursquare pastor currently living in California. She founded KITE Ministries in 2021 in answer to God's lifelong calling to serve and equip the global Church.

An Australian, Teresa was brought up in the Anglican church. Her father is an Anglican priest and both parents instilled a love of God and the Church in Teresa from a young age.

Teresa teaches and ministers simply but powerfully in healing, hearing from God, baptism in the Spirit, spiritual gifts, spiritual fruit, identity and purpose, spiritual warfare, and the prophetic.

Teresa has ministered in Australia, Seychelles, Uganda, Zimbabwe, the Solomon Islands, Indonesia, Vietnam, United States, Nepal, Philippines, and Hong Kong.

Teresa's core vision is that we need to live from Heaven's perspective. This means walking in the authority of Jesus Christ as we live in intimacy with God in the power of the Spirit.
